The World of Petroleum and Bitumen Journal is the primary specialized journal for bitumen and asphalt in Iran and the UAE. It is published and distributed monthly in various educational institutions, refineries, petrochemical companies, the National Iranian Oil Company, affiliated companies, road departments, urban development agencies, and road contractor companies. The journal provides a comprehensive monthly analysis of bitumen prices, relevant news, reports, and fundamental data. It also highlights significant events and showcases the top bitumen producers in the Middle East. Additionally, the journal collaborates with renowned companies and brands in the bitumen market, both locally and internationally. It serves as a platform to connect producers, exporters, and consumers from countries such as Iran, United Arab Emirates, India, Kenya, Turkmenistan, Pakistan, Iraq, China, Sri Lanka, Thailand, Singapore, and Malaysia. Through its news and scientific articles, the journal aims to fulfill its role as a specialized media outlet in the field of petroleum, bitumen, and related industries.
